How IT PROGRESSES.—We hear that there was a political meeting of the colored people at Mudwall on Tuesday evening, which was addressed by Lewis Lindsay, colored, of Richmond. Mr. C. L. Thompson (white) was also in attendance.

Lewis Lindsay made a most violent and incendiary speech, demanding a fair division of all offices, and social equality. He spoke of the whites with bitterness, and told the audience of the large majority which the registration gave the colored people in Richmond. He said they meant to elect the Governor, and the members of Congress, and a portion of the Legislature. Wherever there were twelve men appointed to do any business, he said six of them must be black. He claimed that he should be asked into a white gentleman's parlor, and addressed as Mr. Lindsay," when he called at his house.

He alluded to the meeting held here on Court day, and said that if the white people were 'independent,' he did not see what they wanted with the help of the 'iniggers.' That the colored people were going their own way. the colored people were going their own way, and if the white people wanted their assistance, they would have to come to them. He gave a theatrical account of an interview he had with Mr. Botts, whom he denounced. Hunnicutt, he said, was "their man."

He stated that he had been sent up here ple, and called on them to see that they

The speech was inflammatory in the highest degree, and was received with the wildest applause. After the speaker finished, a colored man, whose name we did not learn, rose and thanked him for saying so well what was in his heart, but which he was unable to express for himself. - Charlottesville Chronicle.

A QUEER CASE OF DROWNING.-A statement appeared in the Troy papers on Friday morning to the effect that Rev. S. M. Merrill, pastor of the Methodist Church at Plattsburg, was drowned in the Saranac river. The Albany Argus received this report with some abatement on account of the reverend gentleman having been drowned twice before, according to his own showing. The Argus says:
"It appears that Merrill had secured an in

surance on his life, in an accident insurance company, for the sum of six thousand dollars. This was to expire Thursday noon. On Wednesday he drew two hundred dollars on his salary, and towards evening took two of his own boys and another boy of the village of Plattsburg, and went out fishing on the Saranac River. If his accident insurance was to be made available, his time was short, and the drowning that was thwarted on the lake must be accomplished on the river, or his plans would avail him nothing. When it became darp, and while pulling in the boat-anchor, he suddenly went overboard. The water was shallow, and there was no current, but instead of coming towards the boat in which were his affrighted boys, he went away from them as rapidly as possible. They pushed the boat after him, but be told them to never mind him, he was well enough, and the last seen of him he was away under the bridge, and disappeared in the darkness.

The boys gave the alarm, search was made for the missing father and companion, but no trace could be found of him. He may be drowned, as the dispatch to the newspaper press asserts, but the circumstances connected with the case make it appear very doubtful.'

FREEDMEN AND THEIR CONTRACTS.-The political agitations and league organizations are beginning to work fearful mischief in the rural districts, as might have been, as was by all calm and sagacious persons anticipated. Mr. William Allen, of Claremont, had a very large crop of wheat, and just as it was ready for the sickle the treedmen employed by him, or a very large portion of them, left the plantation, and came to Richmond. Mr. A. immediately represented the fact to Gen. Schofield, who had one of the freedmen arrested and brought before him. The acknowledgment of the freedman established the fact that he had broken his contract without cause, and had, with his colleagues, left Mr. Allen's very large crop to be entirely lost so far as they were concerned. The General had the whole of them arrested and conveyed back under guard to the plantation, where they were required to go on with the harvest, the guard remaining to see the work done.

It is plain that if such faithlessness is permitted the crops of this State must be greatly curtailed. We learn from many districts sad accounts of the irregularity of the freedmen. The party "missionaries" are paving the way for the perpetuation of the Bureau and the "rations."—Richmond Dispatch.

FERTILIZERS, &c.

GUANO AND FERTILIZERS.

The subscriber has on hand a full assortment As the prices are uniform the farmer can ob-

tain his supplies as well by correspondence as though he were to purchase in person.
I OFFER: Peruvian Guano, of the best quality.
Bolivian Guano. This article comes from the

same section as Peruvian, which it closely refrom Richmond to "organize" the colored peo- sembles in texture and appearance. It is much richer in Phosphate, but has less Amonia. For stiff soils or stiff sub-soils it will answer quite as well as Peruvian, and it costs but two thirds the price of that article. Mexican Guano, of four grades.

Ground Benes. Whitelock's Cerealizer. The high reputation borne by this article as the most effective and reliable crop producer made in the United States, induces me to ask the farmer to test it alongside of any manure he may apply.
Woolston's Amoniated Bone Phosphate. This article is manufactured by the same house, and contains all the best qualities of Peruvian Guano and Ground Bones. WM. H. IR WIN. and Ground Bones.

No. 5, south Union street. mh 28-tf GUANO-REED'S AMMONIATED SU-PERPHOSPHATE OF LIME.-The best superphosphate yet offered to the farmer, possessing all the activity of Peruvian Guano, but

being far more durable in its effects. It contains a large amount of animal matter in a highly concentrated form, which, combined with its soluble bone phosphate of lime, cannot fail to render it very valuable as a fertilizer. Notwithstanding we believe it to be the best super-phosphate in the market, yet, by a process peculiar in its manufacture, whereby the expenses are lessened, we are enabled to sell it very low, with a liberal discount to dealers. REPARATOR CAPILLI. Throw away your false frizzes, your switches,

your wig— Destructive of comfort, and not worth a fig; Come aged, come youthful, come ugly and fair, And rejoice in your own luxuriant hair. REPARATOR CAPILLI,

For restoring hair upon bald heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon ba d heads in from two to three months A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or board. Their assertions are false, as thousands of fiving wit nosses (from their own experience) can bear witness. But many will say, how are we to distinguish the genuine from the spurious? I certa nly is difficult, as nine-tenths of the different preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To su h we would say, try the Reparator Capilli; it will cost you nothing unless it fully comes up to our representations. It we will forward it, postpaid, together with a receipt for the money, which will be returned you on application providing entire satisfaction
